

Welcome to **Midfield Commodities**, suppliers of quality beef, veal and bobby veal, lamb and mutton, goat, kangaroo, poultry, red and green offals and associated products as well as a mouthwatering range of international delicacies.

about us & what we do

Welcome to Midfield Commodities, the export trading division of The Midfield Group.

Based in Adelaide (Australia), Midfield Commodities trades and sells fresh and frozen beef, mutton, lamb, goat, poultry and offal in boneless and bone-in form.

Midfield Commodities is licensed by AQIS as a registered meat exporter and sells meat and by-products from the Group's processing facilities as well as sourcing product from some of Australia's most conscientious small and large meat processors - all of whom maintain a strong commitment to the religious beliefs of our local and international clients, including strict Halal preparation.

As the trading arm of one of Australia's largest meat processors, Midfield Commodities has the benefit of access to on-site boning room and Quality Assurance staff - ensuring superior product and customer service.

Quality of product and consistency of supply are the cornerstone of the Midfield Group, ensuring our growth from a small abattoir to a significant supplier to the international market. Midfield Commodities is continually expanding our global markets, distributing fresh produce to the world daily.

The Midfield Group - a strong domestic and international presence

The Midfield Group is proud of its rural Australian heritage. Driven and inspired by the strong work ethic of its founder, Colin McKenna, the business has grown from a small abattoir in 1975 to become a multi-disciplined business whose quality products traverse the globe.

The Group is proud to be 100 percent Australian owned and operated. Midfield is a staunch supporter of the area in which it is based, employs more than 800 people Australia-wide and is a self-sufficient organisation, with control over product from paddock to plate. Quality control, superior and consistent product offerings and exceptional customer service across all divisions of the Group have ensured a national and international reputation that is envied by our competitors - and highly valued by our clients.

production capabilities

Plant and Production

The Midfield Group of companies incorporates a processing division and boasts an internationally recognised, state-of-the-art abattoir, processing beef, lamb, veal, mutton and their by-products. Midfield has one of the largest capacity meat processing plants in Australia on a single-shift basis, with a throughput in excess of 2 million beef and small stock annually. The plant is supported by a sales and marketing team which services clients throughout Australia and the world.

Midfield Commodities not only sells meat and by products from the Midfield plants but many

small and large meat processing facilities in Australia. It exports product world-wide and maintains a strong commitment to the religious beliefs and requirements of its service markets, including the Halal sector.

As the trading arm of one of Australia's leading meat processors, Midfield Commodities has the benefit of an on-site boning room and Quality Assurance staff, which ensure a superior product and service for the customer. Our fully integrated systems ensure meat products are processed - from slaughter, through boning and freezing to being loaded straight onto either a container to be shipped worldwide or one of our fleets of trucks for local distribution - *within hours*.

Our Meat Safety Quality Assurance Program incorporates world-recognised HACCP principles for the production of wholesome products for the world market. These programs are audited by the Australian Quarantine Inspection Service and AUS-MEAT. We also operate a NATA accredited laboratory where our qualified microbiologists check, double check and triple check our product.

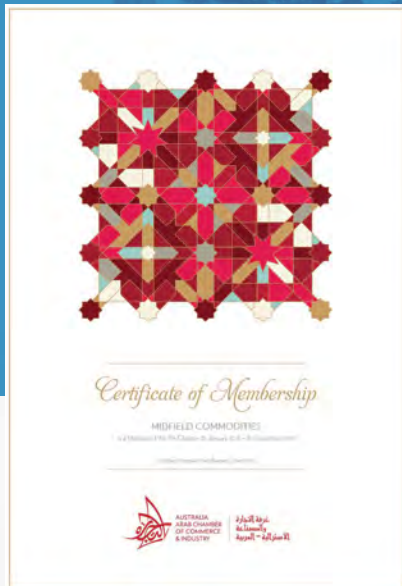

High Standards mean we export to almost anywhere on the planet!

Over the years the Midfield name has become synonymous with uncompromising quality. Our processes, quality management and food handling standards are such that we are approved for export to a multitude of countries, including: USA, the EU, Russia, Saudi Arabia and all Middle East destinations as well as our local Asia-Pacific region.

Midfield is: AQIS Registered; AUS-MEAT Accredited; MSA Approved; HACCP Approved and we make use of our own NATA accredited on-site laboratories to monitor our products. Establishment 180.

accreditations

Halal Accredited

Midfield Commodities is an Australian Halal meat exporter and follows strict guidelines to cater for Halal markets worldwide.

The Midfield processing plants are Halal Accredited and operate a strictly controlled, government-supervised Muslim slaughter program. Midfield has the region's largest rendering plant, which operates under strict government guidelines and is accredited with the Australian Rendering Association.

Other Accreditations

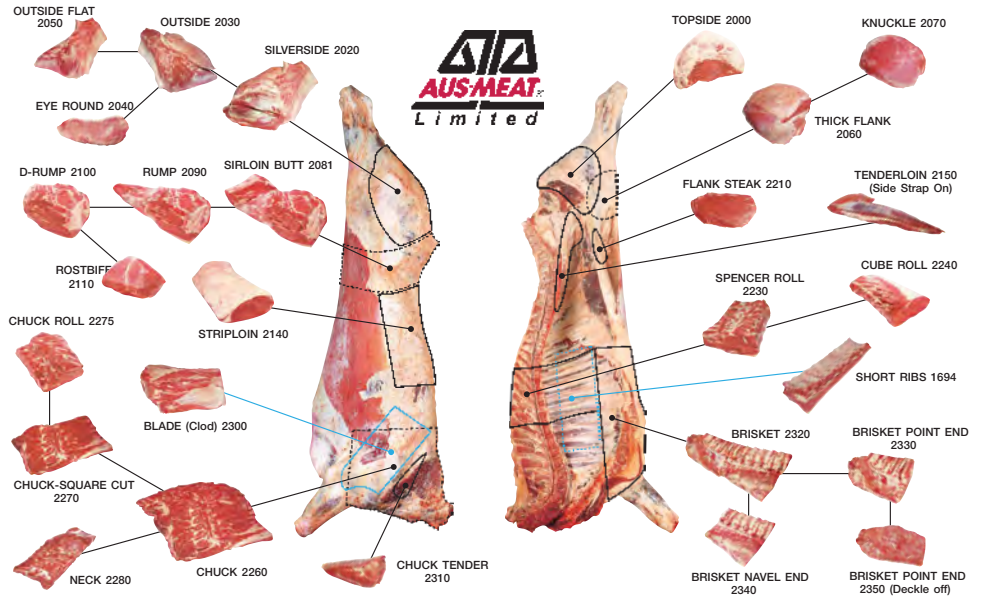

- AQIS Meat Export Licence Number 2139
- Ausmeat certified Non Packer Exporter
- Business SA – Australian Chamber of Commerce
- Member of Australian Arab Chamber of Commerce

Export quality primal cuts

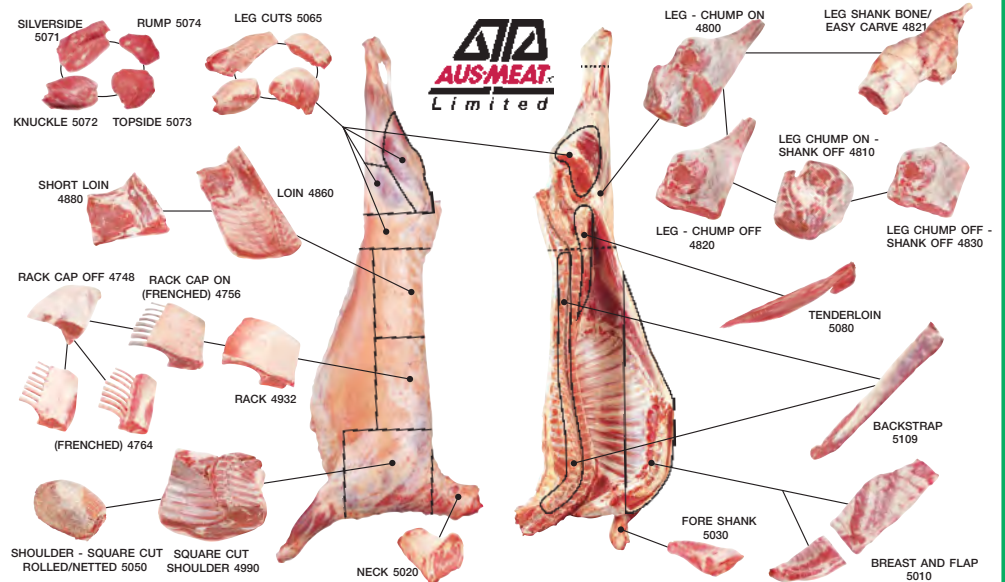

After selecting the best livestock on offer in our paddocks, Midfield processing facilities adhere strictly to the AUS-MEAT accreditation and quality management programs to ensure every cut of meat is of consistently high quality.

Midfield is compliant with Federally-legislated systems and uses the AUS-MEAT Language (internationally recognised) for all of its produce destined for domestic and overseas markets.

Union Dairy Company

Australia's newest dairy business, The Union Dairy Company (UDC), is going from strength to strength, two years after infiltrating the nation's dairy sector.

Operating since March 2017, UDC produces quality Australian product for domestic and international marketplaces at a purpose-built, state-of-the-art factory at Penola, in south-east South Australia.

The factory is the newest in the Southern Hemisphere and is located in the heart of one of Australia's prime dairy regions. Its reliable rainfall and fertile soil underpin a flourishing industry which produces almost a quarter of the nation's annual milk supply. We have partnered with a select number of dairy farmers to process up to 300 million litres of raw milk per year into premium Australian dairy products.

Our product range incorporates:

Premium Skim Milk Powder

- High heat
- High heat, heat stable
- Medium heat
- Medium heat UHT
- Medium heat UHT, low spore
- Low heat

Premium Whole Milk Powder

- High heat
- Medium heat
- Medium heat UHT
- Medium heat UHT, low spore
- Low heat

Milk Fat Products

- Frozen pasteurised cream
- Fresh raw cream
- Fresh thermalised cream
- Fresh pasteurised cream
- Frozen milk concentrates
- Anydrous milk fat (AMF)
- Butteroil

We look forward to discussing your dairy product needs further.

UDC

Transport and Documentation

Midfield Commodities maintains an in-house export documentation department to service the diverse requirements of our international clientele. Our AQIS accreditation and DAFF and Customs compliance ensures hassle-free delivery.

Our in-house Logistics and Transport Department oversees all local and international deliveries. Partnerships developed over the last 30 years with major international shipping and logistics companies ensure compliance with all regulations and on-time, trackable delivery of cargo. We use EDI services for efficient information exchange throughout the transport process.

Customer Service

Our reputation is based, not only on our impeccable product, but on our attentive customer service. Feedback from our clients suggests that they are very happy with the level of personalised service received, the breadth of product knowledge and the lengths to which our representatives will go in response to our clients' requests.

We believe in building positive working relationships, where we become experts in the meat product requirements of each of our clients. If we know your business, we are better placed to work with you in order to grow it.

our promise to you

Midfield Group Core Values

- We are committed to developing relationships that have a positive affect on our customers' lives.
